PEARL HARBOR DAY REMEMBERED

Custer County's WWII Veterans Honored

Custer City, SD, December 1, 2017– At 2 p.m. Thursday, December 7th, residents of Custer County will gather in the Custer Senior Citizens Center. As in years past, they will socialize, then participate in a small ceremony remembering the day America was attacked. Event sponsors will deliver remarks about remembering Pearl Harbor. In the audience will be those who well know that “date which will live in infamy”. They are some of Custer County’s WWII veterans. Those veterans will be individually recognized and honored. Then the public remembrance event will conclude.

But our WWII veterans won’t quite be finished. They will remain for a private dinner. The Senior Center will be decorated as a USO Canteen complete with WWII memorabilia. The WWII veterans and their personal guests will be served a Christmas dinner. And in the comfortable company of family and friends, they will remember and be honored.

This Pearl Harbor Day, pause for a moment to remember. And honor the WWII veterans in your midst, for they are our living treasure.

American Legion, For God and Country
