Governor Kristi Noem, in coordination with the South Dakota Department of Veterans Affairs, is proclaiming the month of June as “Post-Traumatic Stress Injury Awareness Month,” a time to reflect on the causes, symptoms, and treatment of post-traumatic stress injuries.

“The brave men and women of the United States Armed Forces who proudly serve and risk their lives to protect our freedom deserve the investment of every possible resource to ensure their lasting physical, mental, and emotional well-being,” the Governor’s proclamation states.

PTSI, which is commonly known as Post-Traumatic Stress Injury, is a normal reaction to abnormal circumstances and affects millions of Americans each year. It is most commonly associated with veterans – and has been known by many other terms, including shell shock and combat fatigue – but PTSI can affect anyone at any age.

“Our veterans face many life-changing and dangerous situations when they put their lives on the line in defense of our nation’s freedoms,” said Greg Whitlock, Secretary of the South Dakota Department of Veterans Affairs. “Raising awareness of PTSI is an important step in ensuring veterans have the support they need to make a successful transition back to civilian life. This will help with increased understanding of unseen emotional struggles resulting from PTSI and is critical to the health and well-being of our returning heroes.”

It is estimated that between 10 and 30 percent of service members and veterans experience symptoms of PTSI.

“Every veteran processes their military experiences differently, but for those that are experiencing nightmares, flashbacks, irritability or other symptoms of PTSI, help is available,” said Whitlock.

Specialized treatment for PTSI is available through the U.S. Department of Veterans Affairs at [https://www.ptsd.va.gov/](https://www.ptsd.va.gov/).
SD GUARD UNIT TO ATTEND TRAINING EXERCISE IN ROMANIA

About 110 soldiers with the South Dakota National Guard's 155th Engineer Company will participate in Operation Resolute Castle, a multinational-joint training exercise in Romania from June 12-July 1.

Resolute Castle is conducted annually in support of Operation Atlantic Resolve and provides a training opportunity for Reserve, National Guard and active component soldiers to work alongside NATO engineer forces to complete construction projects in Europe and enhance readiness and interoperability of military units.

The Wagner and Parkston-based 155th Engineer Company will participate in three construction projects during its three-week rotation, where they will conduct artillery range improvements and repairs for roads, firing points, and moving armored targets.

Soldiers from the 155th have been participating in planning events and coordination meetings since August 2021. Resolute Castle is typically executed by six engineer rotations with the host nation alternating between Romania and Poland every year since 2015.

Resolute Castle also increases U.S. Army Europe's ability to deter aggression, support allies and NATO partners, improve local infrastructure at forward training areas in Europe, and enhance the bonds between ally and partner militaries.
MEMORIAL DAY

Our special thanks to all the veterans service organizations and county and tribal veterans service officers for their work in decorating the graves of our veterans and for coordinating Memorial Day programs throughout the state.

The South Dakota Department of Veterans Affairs hosted two Memorial Day events this year. Although Mother Nature threw in a few curve balls, both events were very successful. Programs like these take the support of great partners. We appreciate all our partners in the Sioux Falls and Hot Springs communities for assisting us with these services.

Tom Inman coordinated the Memorial Day program at the Michael J. Fitzmaurice State Veterans Home in Hot Springs. Former Lt. Governor Matt Michels served as the emcee for the program and Lt. Governor Larry Rhoden delivered the keynote address. A surprise visit was also made by the ghost of General Logan and his wife.

Erin Brown, director of the South Dakota Veterans Cemetery, worked with the Sioux Falls Area Veterans Council to host a community Memorial Day program in Sioux Falls. Our sincere gratitude to the South Dakota Military Heritage Alliance for hosting the event due to the weather change.

In addition, the River Cities Public Transit team deserves extra recognition. As they did last year, they agreed to provide transportation to and from the cemetery for all our guests. When the weather changed and the busses weren’t needed, this team stepped up and assisted in setting up chairs and tables at the Military Heritage Alliance. A true partner serving veterans every day!

A Memorial Day event was also held in Pierre at Riggs High School Theater. It was organized by the Disabled American Veterans and SDDVA Field Service Officer Kevin Swanson participated.

In quiet Memorial Day services across our state, we came together to remember those lost in the clash of battle; the thunder of bombs, the roar of tanks, the rumbling of airplanes flying overhead and the scream of artillery shells. Amid the war-torn decades we’ve endured, we take great pride in these heroes ... these men and women who believed they were just doing their duty. They had strength when the situation demanded it; determination when everything felt lost; and devotion, courage, and patriotism when others looked to them for guidance. No one ordered them to practice the most basic of human ideals ... they did it because they were Americans and lived in a nation worth defending.
VA PUBLISHES INTERIM FINAL RULE FOR LEGAL SERVICES FOR VETERANS GRANT PROGRAM

As part of the United States Department of Veterans Affairs’ national homeless prevention efforts, the VA published an Interim Final Rule which allows the VA to enhance the provision of legal services for veterans experiencing or at risk for homelessness.

Under section 4202 of the Johnny Isakson and David P. Roe, M.D., Veterans Health Care and Benefits Improvement Act of 2020, the VA will, through the Legal Services for Homeless Veterans and Veterans At-Risk for Homelessness Grant Program, offer up to 75 grants each year to eligible entities, with at least 10% of funding being utilized for women veterans.

These grants will also satisfy section 5105 of the Act, which requires the VA to partner with outside organizations to provide legal services to women veterans.

“Providing full access to justice and legal services for veterans takes unified, inter-agency partnerships, from the Federal level down to states, cities, and communities at the grassroots-level where veterans work and live,” said VA Secretary Denis McDonough. “This first-of-its-kind grant will ensure that legal services are available nationwide to veterans in need.”

LSV-Homeless builds on existing legal services offered to veterans through partnerships between the VA and legal service providers in communities across the U.S. Services provided by the new grants will support veterans’ legal needs related to such housing, family law issues, income support, criminal defense, and requests to upgrade the characterization of a discharge.

A Notice of Funding Opportunity with instructions on how to apply for a grant is expected to be published in September 2022 once the Final Rule for the grant program is complete.

Get information on LSV-Homeless. The Interim Final Rule is available for public inspection preview. The official version of this IFR is scheduled to publish June 1.
